General Information

Description

A study of Spiritual Warfare according to the Bible... that every Christian needs to know!

Expectations and Goals

The purpose of this study is to gain knowledge of the spiritual war believers are experiencing, whether they are aware of it or not. The goal is to prepare for battle and position us to win.

Spiritual Warfare is a reality, and the body of Christ needs to be informed of the fight that is going on in the heavenlies as well as within us. During our time together we will discuss topics like 'Understanding the Battle,' learning how to 'Train for Battle,' Putting on the right clothes for Battle, and 'Entering the Battle with confidence.' **Let's dive in!**
